

Owner's Representation

Argano provides customizable Owner's Representation Services.

Mitigate risk and increase confidence on your construction projects with Owner's Representation. Argano's Owner's Representation is a managed services offering that supports large scale capital projects ranging from \$100 million to over \$2 billion in project scope by providing additional tools and oversight for your project.

Having a trusted presence on-site who not only understands the project scope but has the experience and ability to properly execute and oversee the construction is critical to any project's success.

Owner's Representation Services

From Contract and Bid Review to Project Team Meetings to Final Completion, you can count on Argano to efficiently and effectively oversee your projects while delivering real-time project status reporting.

As an experienced Owner's Representative, we are able to efficiently coordinate with project team members, verify schedule and budget integrity, and ensure the project remains within scope.

With our data driven approach to construction and our experience supporting large-scale capital projects, we are confident in our ability to keep your project on time and on budget.
