MuleSoft and Salesforce

Unify data and accelerate intelligent customer experience

Salesforce powers engagement. MuleSoft powers connection. Together, they unify systems, data, and workflows across the enterprise-enabling seamless automation, real-time insights, and intelligent decision-making.

As trusted partners to both Salesforce and MuleSoft, Argano helps organizations eliminate data silos, modernize integration strategies, and activate AI-driven customer experiences through API-led connectivity, process automation, and Agentforce intelligence.

Agentforce Integration
Connect Agentforce Sales, Agentforce Service, and Agentforce Marketing with ERP, HR, and other enterprise systems to create unified workflows and a complete 360° customer view.

MuleSoft for Agentforce
Activate real-time intelligence in Salesforce by connecting data across every system into Data 360 with MuleSoft. Our solution empowers AI agents to move from insight to action-automating workflows, triggering next-best steps, and driving measurable outcomes.

MuleSoft Agent Fabric
Unify and orchestrate every AI agent across your enterprise with MuleSoft Agent Fabric. Designed for secure, seamless agent-to-agent (A2A) communication, Agent Fabric connects systems, data, and logic to create a coordinated network of intelligent agents that act, learn, and scale together.

### Process Automation and Data Intelligence
Streamline and scale business processes like quote-to-cash, order management, and service operations with Salesforce Flow, MuleSoft RPA, and MuleSoft Automation Center (MAC). By merging process automation with data intelligence, Argano enables predictive insights, faster decisions, and elevated customer experiences.
