

Tableau Pulse

Unlocking the power of data with AI-driven insights

Introducing Argano's Tableau Pulse, the cutting-edge insights platform that takes data-driven decision making to the next level. With AI-powered capabilities, Tableau Pulse automatically detects drivers, trends, contributors, and outliers for the metrics you follow, providing you with valuable insights without the need for manual analysis.

Tableau Pulse empowers you to make informed decisions by presenting insights in a clear and understandable manner. With strategic guidance, we help get your data ready to work seamlessly with Tableau Pulse, to ensure that you have the right metrics, best practices, and plan in place to maximize the value of this powerful platform. Together, Tableau Pulse and Argano provide a comprehensive solution to streamline your data analysis and decision-making processes that enable improved outcomes for your business.

Benefits

- **Advanced insights:** AI-powered capabilities eliminating the need for time-consuming manual analysis
- **Informed decision making:** Clear and easily understandable format delivering accurate and actionable information
- **Seamless data integration:** Prepped and optimized data for a streamlined introduction of Tableau Pulse
- **Streamlined processes:** Enhanced data analysis and decision-making processes driving data-driven strategies for accelerated growth
