

SAP S/4 HANA Cloud Migration RISE Bundle

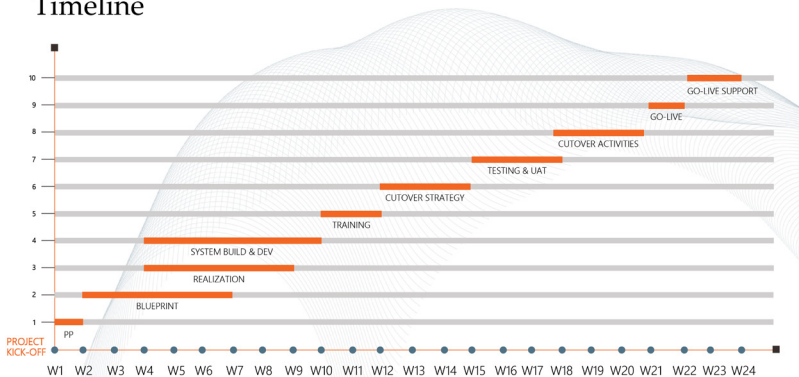

Leverage proven expertise from the longest-serving SAP cloud application services partner

In today's business landscape, enterprises must embrace new models, optimize efficiency, and transform critical systems to stay ahead. RISE with SAP provides the solution as a complete offering of ERP software, industry practices, and outcome-driven services for migrating your SAP ERP to the cloud, delivered by a trusted SAP partner. We offer a proven, repeatable process for seamless hyperscaler migration, stack-level technical upgrades, and smooth transition of your S/4HANA environment from current data center to the target environment. Our expertise covers all versions of S/4HANA Cloud, and we have successfully executed numerous upgrades and data center moves.

Benefits:

- Accelerate your infrastructure and functional development services
- Access transformative business services for continuous improvement projects post go-live
- Leverage strong partnerships with leading infrastructure and software vendors
- Tap into our extensive talent pool in North America and Global Client Success Centers
- Leverage nearly a decade of experience with a roster of global referenceable clients
