

Argano Cloud Blueprint Options

Two cloud blueprint paths designed to provide clarity, executive alignment, and a concrete plan of action.

Speed Cloud Blueprint

This rapid engagement delivers strategic clarity and executive alignment on cloud migration in just a few days.

1. Discovery (Remote)

½ – 1 Day

Understand current state
Review business pain points

2. Build roadmap

½ – 1 Day

Map pain points to cloud solutions
Build high-level cloud roadmap

3. Present roadmap

½ – 1 Day

Present roadmap to leadership
Outline high-level benefits

Benefits:

- Roadmap to the cloud
- Opportunity matrix
- Implementation plan
- Timeline and scope
- Identify applicable AI capabilities in either Oracle Fusion or OCI

Detailed Cloud Blueprint

The Detailed Blueprint is a comprehensive engagement that builds the strategic foundation for your entire cloud transformation.

Over 6–12 days, we work closely with your leadership and functional teams to define a clear, committed path forward – covering everything from executive vision to resource planning.

- **Deliverables:** Value matrix, detailed roadmap, and high-level implementation plan
- **Participants:** Executive leadership and cross-functional team members
- **Outcome:** Full organizational alignment and a clear, actionable cloud strategy

Expertise:

- Extensive industry experience and best practices
- 25+ years of Oracle partnership

1. Envision 1-2 Days

Executive vision, executive alignment, and business process review to ensure every stakeholder shares the same strategic direction.

2. Plan 2-4 Days

Implementation strategy, guiding framework, and identification of opportunities for improvement across your organization.

3. Architect 2-4 Days

Technology requirements, budget definition, timeline development, resource allocation, and detailed planning and scheduling.

4. Commit 1-2 Days

Key business requirements, functional roadmap finalization, and executive commitment to move forward with transformation.
