

Managed Services for UKG

Delivering tailored solutions for unmatched value

Argano's Managed Services for UKG are designed to provide comprehensive, strategic, operational support that extends beyond break-fix basics. We ensure your business can seamlessly transition to modern technologies while maintaining existing systems. Partnering with Argano Managed Services helps you overcome the challenges of daily IT management and maintenance and enables your IT personnel to prioritize core business initiatives.

Offload support and maintenance

Free up your IT resources to focus on other core business initiatives, reduce maintenance and training costs, and enjoy the peace of mind that your applications are fully supported.

One team for all your needs

Argano offers a complete range of Tier 1 and Tier 2 technical and application support to tackle any challenges around your UKG systems. We bring the experience and best practices from implementing, optimizing, and supporting systems for over 200 successful organizations.

Stay covered, no matter what

Whether you have long- or short-term needs, we have the depth and breadth of experience to scale with you, so as your challenges and priorities shift, you are always covered.
