Tableau

Transforming your data into actionable insights

Argano helps clients grow their business through the application of the powerful data and analytics capabilities that Tableau provides to drive measurable results. We offer a wide range of Tableau-specific services including strategy development, turnkey dashboard development, implementation, and management, award-winning consulting, managed services, and customized Tableau training to help you get more from your data.

"Argano revolutionized our institutional reporting and KPI dashboard capabilities under 6 months, while saving the Touro University system over $1.5 million dollars."

Matthew Bonilla, VP of Student Services, Touro University

salesforce partner
