## Course Description

This one-day hands-on course will give you the tools you need to quickly get up to speed on Oracle's Financial Consolidation and Close Cloud. The course provides hands-on workshops to familiarize end users with product navigation and basic FCC Dimensionality and Application Features, as well as perform day to day activities like creating and utilizing Data Forms for Data Entry and Analysis, Executing Consolidations and Reviewing Consolidation status, Processing of Intercompany Eliminations, Entering and Posting Journals, Performing Inquiries in SmartView, and utilizing Task Manager to manage Financial Close Tasks. The course is ideal for users moving from on-premise HFM to FCC as well as for users familiar with Planning and Budgeting who want to understand the basics of FCC.

## Course Outline

- Basic Navigation/User Preferences
- FCC Dimensionality/ Application Overview
- Overview of Data Forms
- Entering/Viewing Data in Data Forms
- Executing Consolidations
- Processing Intercompany Eliminations
- Journals
- SmartView Basics
